Dear Bill and Christy,

Thank - you very much for allowing us to come to your ranch and camp there. I enjoyed it very much.

I quite enjoyed fishing and riding in the boat. I liked your ranch and all the animals. Those quails were so cute. I wish I could come back.

The Elk museum was really neat. That trout was delicious. Thank you for the spaghetti on the first night. I like your cooking.

All in all I caught nine fish including the catfish & flound. Thank you for taking me fishing Bill, it was cool. I learned how to catch a fish.

Dear Kristy, Bill & Alex,

Thank You for letting us come to your ranch for our camping trip. I had tons of fun.

I loved the horseback riding; say hi to Toby for me please. I had fun on the hike with Darcy! It was a beautiful - especially when we were on top of the waterfall.

Thank you for making dinner for us on Sunday when we were all really tired from the long drive.

I think your house was beautiful and your spaghetti was great.

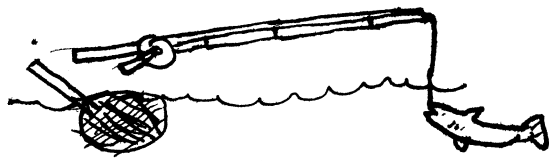

I loved Fuzzy and reacher I am glad Preacher got a home in the end.

The neighbor peacocks were pretty, but loud. I loved the museum we went to. All the stuffed animals there looked so real, even though they were real at one time.

The Newmont Gold Mine was really interesting you should visit them if you haven't already. Thank You for →

all you did for us while we were
there.

Dear Bill, Kristy, Alex, and Jim
Thank you for letting our class
come to Ruby Crest Ranch. I
had the time of my life!
It was so fun to go fishing with
Jim and Bill at the reservoir
to catch Little Mouth Bass. It was
also very much fun when we
went up to the Cabin horse
back riding in the mountains.
It was even more fun with
Alex and Kristy guiding us through
the hills up to the Cabin. I
didn't know that Elko had so
much to offer to people, there
horseback riding and fishing and
hikes and tons of stuff to
do. You really opened my mind
about Elko. I also loved the
food you cooked for us. It was
simply delicious, and so kind
of you to offer your house to us
so that we could have an
experience of a life time
that we will never forget.
I thank you very much.

Dear Bill, Alex, and Kristy,

Thank you so much for having us at Ruby Crest Ranch. I loved being at the ranch. I had a lot of fun, and learned a bunch that I didn't know about, ranch life, trail riding, and the horses themselves!

I enjoyed being around all your horses: Gester, Jack, Jiggs, Missy, Fancy Pants, Fuzz, Jockey, Lando, Easy, Brew, Bones, Diamond, and it, oby, oidy, Bucket, Fonzels, your three brood mares, and a chestnut baby with blue eyes and a

My favorite parts of the trip were definitely the two trail rides. I loved riding Jiggs, and Gester, I think Lando is a beautiful mover, and riding different horses every once in a while feels great!

I would love to come back for a vacation and ride every day! We seriously are thinking of coming back as a family. Your ranch is the best I've ever been to. Keep it looking awesome until I come back again.

Sincerely, AFB

Say hi to Jester, Fuzz, Easy, Lando, and all your horses at Ruby Crest Ranch.

Dear Bill, June 6, 2002
Kristy, Alex and Jim,

Thanks so much for letting
my class come and spend time
at the ranch. It was so fun I
couldn't even pick a favorite part.
Your ranch was the coolest
place I've ever been. Ridding horses
in the dark was really cool.

Your cabin is awesome and
Bill, it's amazing that you built it.

Can you believe I've never been
to the Rubby Mountains before? I hope
my dad and I can come back soon
and stay in your cabin.

My favorite horse is Diamond. He's
just like my horse at home.

I know next I go fishing I'll take
the hook seriously now.

Sincerely,
Sean Mc'nally

- Bill keep ripping those fishes faces off.
- Kristy dont take any more jobs at a riding lot.
- Alex keep wrestling those mountain lions.
- Jim you need at least two more cats for all the fish you catch.

Dear Bill, Krusty, & Alex,

Thank you so much for the great trips & lots of fun.

Thanks for letting us watch your horse trained. I had a great time picking, horse riding, and helping. Thanks for cooking meals for us, and for the cat that is doing well.

By the way, the cat is really doing well & she's happy with her new home.

Oh yes, thanks for letting me sleep in the house.

The view from the cabin was nice.

The best part of the trip for me was the horse, and the food (Bill's great spaghetti). The worst part for me was being on a farm with a lot of responsibility. I learned that you have to get up early to feed horses, clean up, cook, and cook your own meals. I learned a lot about horse care. Thank you for your time.

Thank you so much for the invitation to your ranch, it was very kind of you. You are very
friendly and the
horses and lambs down the street were very cute, fat and cute.
The weather was very pretty and the surroundings were very funny.
The machine it was very interesting, especially on what looks to be used,
and the rope I really didn't think he would accomplish anything
because he accomplished a lot in a very short time.
The view was beautiful and I wish I had

Dear Bill and Kristy,

It was a great time at your ranch. Thank you soooooo much for our stay at your ranch, now I want to come back and camp there every year.

The Horseback riding was great, beautiful, fun and exciting. It inspired me to take riding lessons.

I absolutely LOVED your spaghetti and meat sauce that we had for dinner the first night.

The geese were very beautiful, I'm glad that I went on the camping.

It was cool that the house was so near, and I went all the way out in the middle of town.

Sincerely,
JAWP

I have never been to
before, but I always have
liked to! Elko is a really
interesting town, one of my
favorite places was the Museum

I did there was hiking, I went
with five other girls. Hiked up
the falls, it was beautiful, I really
liked it. The waterfall was so
and took so many pictures!

Thanks a bunch for making
it for us on Sunday. It
was very nice of you. Thank
you for being patient with us
teaching us so much about
the thing. I also enjoyed the presentation of
the man work and worked

Dear Bill, Kristy, and Buttercup,

I would like to thank you
for a great time this week at your
place. It was so much fun.

I really enjoyed riding the horses
Kristy and the newly named "Buttercup".

Bill told us that you recommended
the museum, it was so cool. I really enjoyed
the lot. It was really neat to
see the animals.

Bill you are such a good cook
you made the best spaghetti it was
so good it was some of the best

time to do that, I couldn't

I had fun

I had a blast!

Can't believe I caught

family only.
