197 Western Hills #13  
Spring Creek, NV 89815

Dear Bill and Kristy,

On behalf of Craig, Alan, Charlie and myself, I just wanted to thank you both for your incredible hospitality last week. Our trip to the Ruby Mountains was everything we had hoped for and more. The beauty and majesty of Nevada was a dream come true for a bunch of New Yorkers who never made it out west. (Snow and all!!)

It was a pleasure to watch true professionals at work and we look forward to many more years of outdoor adventure with you as our guides. We wouldn't trust anyone else with our safety!

Enclosed please find a small token of our appreciation for going the extra mile and allowing us to be "part of the family" for a few days in Nevada! You guys are truly awesome and we miss the "Rubies" already.

See you on the next adventure!

Eric Haft
